

Basic Inlay Technique for Jewelry Making

A Workshop by Corliss Rose

Sponsored by the Bead Society of Orange County

Saturday March 26, 2022 – in the John Lee Court – 1 pm until 4 pm

Tool List for Participants

These tools are necessary for the workshop:

- a craft scissors
- an X-acto knife
- one each, fine point paintbrush, and larger, round paintbrush
- a container for water
- a surface to work on (can be plastic, cardboard)
- blue painter's tape

These tools are handy for fine detail but not necessary. Metalsmiths who are taking the workshop may want to bring them.

- a jeweler's saw with a 4/0 sawblade
- a pin vice with a medium sized drill bit
- a bench pin with a C clamp or other fastening device

In addition to materials and supplies, participants will also receive paper templates for a variety of projects. The skillsets will range from easy to challenging. There will be something for everyone!
